

Lohmann

All Frames.
One Tape.
Zero Compromise.

Reliable Adhesion for Modern Decorative Films

Designed for the next generation of trim strips and profiles – with optimal adhesion even on challenging decorative surfaces.

High Process Reliability

Consistent bonding performance even under varying conditions – for efficient, error-free application.

Long-Lasting Performance

Resistant to temperature, moisture, and aging – for durable, secure connections indoors and outdoors.

All Frames. One Tape. Zero Compromise.
Setting new standards in adhesion, process reliability, and durability – the future-proof solution for modern profile applications.

Developed in collaboration with the industry

In close cooperation with leading film manufacturers and profile extruders – perfectly tailored to current market demands.
